7 ONLINE IDENTITY VERIFICATION

We will need to verify you. For us to verify your identity online, we use a third party verification service and/or credit reporting bodies to match the identity information you've supplied.

This means Great Southern Bank will:

- Provide your name, date of birth, address and details of your ID documents to third party document or identity verification services, such as Green ID, Equifax, and the government's Document Verification Service. These services may, in turn, share your information with the issuer or official record holder of your ID documents via third party systems to help them to make a match.

These bodies will then assess whether the information provided matches the information held by them (or which they can access from other service providers), and let us know if it is a match for the purposes of verifying your identity as required by the Anti-Money Laundering and Counter-Terrorism Act 2006.

I confirm that I am authorised to provide the personal details presented and I consent to my information being checked with the document issuer or official record holder via third party systems for the purpose of confirming my identity.
